🕒 Hold on, this is waiting to be approved by NPINo.com.

Doctor Farooqi:

This is your patient that is desperately seeking a change in the mechanics that allows one such as I to be successfully detached from opportunity because I am living in a bubble of an information void --- an information quarantine.

This quarantine is setup intentionally by the social engineering health care policy against persons with HIV/AIDS that have a certain class of lifestyle. That simply stated defined under the label as "The Dirty".

Knowing that this is a conspiracy true, I don't need to be counselled on how to best be mentally well when indeed there is a huge wall that is placed in front of me that is so big, I can't climb over it all by myself.

Someone on the other side of this wall, must reach over from the other side, down, and pick and lift me up out of the dark isolation quarantine space that is rationally concluded when you reflect upon the record fully of what I have lived through for over 10 full years.

No one can repair it, heal it, or place into an existence a therapeutic state of trust without someone from the high rungs of society with authority to join me in a cause to collapse and terminate a conspiracy that is true. This is with corroborating evidence that can't be shut out, ignored, or denied by the establishment of care model that we obviously begun with in my connection to patient care services at Inland Psychiatric Group.

rough; but we shut our eyes, and, like people in the dark, we fall foul upon the very thing we search for, without finding it. "Tranquillity is a certain equality of mind, which no condition of fortune can either exalt or depress." Nothing can make it less, for it is the state of human perfection; it raises us as high as we can go, and makes every man his own supporter; whereas he that is borne up by anything else, may fall. He that judges aright and perseveres in it, enjoys a perpetual calm; he takes a true prospect of things; he observes an order, measure, a decorum in all his actions; he has benevolence in his nature; he squares his life according to reason, and draws to himself love and admiration. Without a certain and an unchangeable judgment, all the rest is but fluctuation; but "he that always wills, and wills the same thing, is undoubtedly in the right." Liberty and serenity of mind must necessarily ensue upon the mastering of those things which either allure or affright us, when, instead of those flashy pleasures (which, even at the best, are most vain and hurtful together), we shall find ourselves possessed of joys transporting and everlasting. Seneca.

then why is there a caught conspiracy malignancy in my way when I place myself onto this site under my former HIV Doctor from Denver Colorado.

My initial presence wiped out, and still my standing calling for change is still incomplete due to a content moderator having that what I must have to believe, everyone in the world are complete idiots and I am so so smart that no one likes me and hates on me extreme.

Nah, that can't be. There is something here working in the background against my "digital footprints" of "surveillance monitoring" that I know is being held against me.

In that knowing truth, I wrote you an email subject titled "Confidential For You" that I am placing the header details into this NPI record page --- inset --- into the truth of all things

exist in a state of suspension by digital objects ---- and that suspension in our world can be temporary to the whim of some revisionist later ---- blimp --- click --- oops --- another one bites the dust ----- DELETED LIFE!

I completely know I am holding the status as being public enemy #1.

There is no way to overcome this status without someone with credial and authority stand by my side as I protest --- complain --- and dissent that this is fair and ok or just to be under this state of quarantine.

IT IS PLAIN --- JUST PLAIN WRONG!

I have a tool on my email called Boomerang. It reflects when email is opened, how many times it is opened, and also tracks links that are contained with the entire email body.

As such, I MUST DEMAND that you follow an orderly fashion and commit to a legal standard that applies to this email communication. A standard, that you accept this email fully --- as such --- hold it valued --- to click on each link presented respectfully to incorporate that clicking link resource understanding of the man you are treating ---- a mind of a man being insulted time and time again!!!

As though the world is full of idiots that can't understand anything --- a simple thing really --- that makes you all 80 IQ to my 100 IQ --- if normalcy would be to scale it out. Really. I have 122 IQ and even the most basic understanding of things, is just "advantaged" not out of reach of anyone to really find the time or the need to interface with me --- completely --- whole full complete -- repeat if necessary -- fresh ---- a demand not a request ---- no excuses allowed.

Thank you.

I will be updating the Boomerang Status of this email --- forgive me if I don't fully trust your adherence of standards here ---- in persuasive technology processes ---- that places us in a different path, one you might never have ever walked upon with a patient. Perhaps no other person has ever walked such a path ever before in all time human history. That is the way my web presence effects my choices of actions that I know I hold and intellectual property own one of the most unique cyber identities to ever exist on the planet, with the technology adaption open ended defined URL addressing that is active on my domains that most internet users might not completely understand, but realize what I am saying at the starting point ---- it ain't rocket science math ---- it is not all that complicated. Really people, you are not all complete idiots. You are all being assholes --- and I call you out on your bullshit --- time -- right time --- every time --- never miss a mark of truth.

As with my medical records from Denver, the LUCY format digital file data record is online..... there is no privacy --- I am a complete open book. In such that I DEMAND my DOCTOR hold HONESTY against this open book and WRITE INTO THE RECORD the rational truth to what is happening --- that I know --- you can't say --- without some kind of ----- ?? What?

I am not afraid of no big bad wolf ---- I am better than this --- and it is your job to hold me honorable -- respectful -- dignified and tell me the truth to what you know in all of this ---- stand by my side --- and terminate this ---- unless you think such a state is just, then we must separate!!

I will be knowing that you are holding me down to a state of dysfunction intentionally because you think I will not challenge authority ---- I question the ethical bias of each and everything standing in

my way of rational discussion --- when that discussion cannot be brought forward into full public view.

Something is wrong with you all --- not me. I don't need any mental health ---

I need a new life free from the haters and I want and DEMAND a NEW COUNTRY!!!

I want to change my UNITED STATES CITIZENRY to SOME OTHER COUNTRY that has IMPLEMENTED ARTICLE 12 OF THE UNITED NATIONS CONVENTION FOR RIGHTS FOR PERSONS WITH DISABILITIES ---- AS A FULL AND EQUAL PARTICIPATING MEMBER OF OUR SOCIETY. A NEW COUNTRY THAT DOES NOT ALLOW THE HATERS TO WIN!

This matter of quarantine ---- S U C K S ---- F U C K Y O U W H O H A S D E S I G N E D I T T O S L A V E S O F H A T E T H A T R E M A I N S I L E N T !

FUCK YOU! Btw, once again, to the content moderators that are involved in this content..... Do I need to get out my revision data bank log already established that content that you have wiped away -- your judgement --- for unknown reasons you don't get the realism of the real world --- you are in a delusion of ideas that you think anything written here deserves to be hidden away from view.

The word FUCK HERE and the INTERNET DOMAIN with prefix subdomain as:

<http://npino.fuckeduphuman.net>

contains a record of arguments that leaves the Disqus! window of words at logical conclusion --- you can't moderate yourself around anything rational --- and intentional as it is ---- you resort to censorship even after I warned you not to --- I warned you to not continue --- that I would create the marking domain that is established here.

To repair this and make this URL domain definition go away ----- AN APOLOGY MUST BE PLACED INTO THE PUBLIC RECORD ---- OR WHAT REMAINS SERVED CONTENT HOLDS -- - GET YOUR FUCKING HEADS OUT OF YOUR ASSES AND DO THE RIGHT MORALLY JUST ACTIONS FROM THE FIRST START HERE and FIX THE OTHER WINDOW OF OPPORTUNITY!!

I ask for an OFFICIAL to come explain what has occurred there ---- nothing I do is good enough for your lacking conscience. You must be insane to hold your task. You must be insane!! You think this is ok to leave without corrective measures. BULL FUCKING SHIT!

On LinkedIn, actual "In Operation" company name profiles exist with the name "Fuck" in them. Examples include [ but not limited to ], "Fuck Cancer", "Fuck Yeah Astrophysics", and "Fucked Up Design". That is true whether I create the proof links which I will omit here on faith that you will treat me wise enough to enter into a channel of dialogue to query more information before simply clicking DELETE!

There is actual real data proof of these activities against me of reporting by negative outlook Glassdoor reviews for Colorado Health Network. But more to the point, lets take a look at the regional to regional collective approach to the entire nation of these reports --- collected by me --- establishing a systemic problem meme similarity across many regional HIV/AIDS Service support agencies ---- Nah, that does not exist either?

You have to be crazy to not link to these evidences and continue to suppress the truth.

**What is a NPI Number?** : The National Provider Identifier (NPI) is a unique identification number for covered health care providers. The NPI is a 10-position, intelligence-free numeric identifier (10-digit number). This means that the numbers do not carry other information about healthcare providers, such as the state in which they live or their medical specialty. The NPI must be used in lieu of legacy provider identifiers in the HIPAA standards transactions. Covered health care providers and all health plans and health care clearinghouses must use the NPIs in the administrative and financial transactions adopted

under HIPAA (Health Insurance Portability and Accountability Act).

**Where NPI should be used?** : The NPI must be used in place of legacy provider identifiers, such as a Unique Provider Identification Number (UPIN), Online Survey Certification & Reporting (OSCAR) and National Supplier Clearinghouse (NSC) in HIPAA standard transactions. There are two categories of health care providers for NPI enumeration purposes. Entity Type 1 providers are individual providers who render health care (e.g., physicians, dentists, nurses). Sole proprietors and sole proprietorships are Entity Type 1 (Individual) providers. Organization health care providers (e.g., hospitals, home health agencies, ambulance companies) are considered Entity Type 2 (Organization) providers.

**Who must obtain NPI?** : All health care providers who are HIPAA-covered entities, whether they are individuals (e.g., physicians, nurses, dentists, chiropractors, physical therapists, or pharmacists) or organizations (e.g., hospitals, home health agencies, clinics, nursing homes, residential treatment centers, laboratories, ambulance companies, group practices, Health Maintenance Organizations [HMOs], suppliers of durable medical equipment, pharmacies) must obtain an NPI. The NPI will be used by HIPAA-covered entities (e.g., health plans, health care clearinghouses, and certain health care providers) to identify health care providers in HIPAA standard transactions. A covered health care provider, under HIPAA, is any health care provider who transmits health information in electronic form in connection with a transaction for which the Secretary of Health and Human Services has adopted a standard, even if the health care provider uses a business associate to do so.
